

Youth Report

Unfortunately, we do not have a youth report for this year. The youth participation ages 14 and over has drastically decreased the past two years. Due to the decline, youth activities for ages 14-19 were not actively directed by Prince of Peace. However, many of the youth did participate in Luther Heights bible camp during the family sessions and individually this past summer, with many employed at the camp in one capacity or another. Currently money is still being budgeted for the next ELCA Youth Gathering as there are youth in the next two years that will be age appropriate to participate from the congregation.
